

Interlocal Agreement

for

Purchase, construction, maintenance, use and ownership of apparatus storage building. This agreement between the City of Bothell ("COB") and King County Fire District #4 DBA Shoreline Fire Department ("SFD") is entered into pursuant to the Interlocal Cooperation Act, Chapter 39.34 RCW and is for the purpose of purchasing, constructing, maintaining, and owning a metal apparatus storage building to be built in the parking lot of COB Fire Station #42. The building dimensions will be 36' wide and 30' deep. One space will be designated for a SFD apparatus and two spaces will be designated for COB apparatus.

**Project oversight** - A representative from the COB and SFD together will plan, coordinate, permit, and provide project management.

**Purchase and hiring sub-contractors** - COB procurement guidelines will be followed for purchase of the building and the hiring of sub-contractors to complete the project. The cost of the project will be split with SFD paying for 34% and COB paying for 66% of the total project costs. COB will cover all costs up front and invoice SFD for their portion.

**Use** - SFD shall have space allocated in the apparatus storage building for (1) Paramedic Unit. COB shall have the remainder of the space in the apparatus storage building for their use.

**Long term maintenance and ownership** - COB will own and maintain the apparatus storage facility. SFD through this agreement releases any ownership in the apparatus storage facility.

**Duration** - This agreement shall last as long as SFD has a Paramedic Unit stationed at COB Fire Station #42 or until otherwise terminated in writing by both parties.

**Termination** - In the event SFD no longer has a Paramedic Unit stationed at COB Fire Station #42, this Interlocal agreement shall terminate.
